NEW MEMBER ON MASON COUNTY ELECTION BOARD

Mr. C. P. Rasp is chosen to succeed Mr. Frank Hendrickson as the Republican member of the Mason County Election Commission.

At the meeting of the State Election Board held in Frankfort Thursday, the members of the Mason County Election Commission to serve for the next year were chosen. There was no change in the Democratic member, Mr. Gus Schwartz, of the county, being reappointed. Mr. Schwartz has served as the Democratic member of this commission for several years and understands the workings of the commission thoroughly.

Mr. Frank Hendrickson, local paint manufacturer, who has been the Republican member of this commission for the past two years, retires and in his place, Mr. C. P. Rasp, of the first ward of the city of Maysville is appointed.

As Sheriff Galbraith is chairman of the commission, the Republicans have a majority on the board with two members to the Democrat's one.

The first duties of this newly named commission will be to select the election officers for the November election, which will likely be done when the commission holds its first meeting for organization within the next few days.

ONE OUT OF 20 AMERICANS AT FRONT KILLED

Highest Percentage of Battle Deaths Among U. S. Men in October—Figures Are Made Public.

Washington, August 29.—Out of every 1,000 combatant troops in the American forces on the western front between June and November, 1918, no less than 50.6 were killed in battle.

The British suffered slightly lower percentage of losses; out of every 1,000 of their men 48.8 were killed. The statistics branch of the General Staff made public these figures today.

From June to November of 1918, the British had 58,494 killed on the western front, while in the same period the Americans had 47,589 killed on that front.

The highest percentage of battle deaths per 1,000 troops, among the Americans, was in October when 17,994 men were lost, or 14.3 per 1,000. This was also the high water mark of the six months for the British, for they lost 16,561 combatants in the month, or 13.8 per 1,000. The figures of battle deaths for the other of the six months are:

June—British, 3,909; American, 1,954.

July—British, 4,457; American, 7,402.

August—British, 15,496; American, 3,987.

September—British, 15,232; American, 9,960.

November—British, 2,039; American, 6,282.

Tables of Losses

Tables of losses by the British and the Americans on the western front January 1 to November 11, 1918, follows:

Officers	British.	Americans
Killed	6,814	2,191
Wounded	28,036	6,707
Men	British.	Americans
Killed	95,391	47,307
Wounded	547,465	198,983
Total killed	102,205	49,498
Total wounded	76,501	205,690

Losses Are Compared

For each American officer killed 3.11 percentage British officers were killed. For each American officer wounded, the British officers suffered 4.18 per cent. wounded. The percentage among enlisted men was 2.02 British killed to each American, and 2.75 wounded to each American wounded.

The total was 2,066 British killed for each American, and 2,850 wounded for each American wounded. Among the British 18,455 enlisted men were killed or wounded for each officer.

The American percentage of casualties among enlisted men was 27.63 men killed or wounded to each officer killed or wounded.

MR. FIELDER BRANCH DEAD

KIRKLEY RENAKER IS IMPLICATED IN ROBBERY

Member of Prominent Harrison County Family Said to Be Connected With Restaurant Theft.

Cynthiana, Ky., August 29.—Kirkley Renaker, charged with complicity in the burglary of the White Restaurant Thursday, August 21, through his attorney, W. H. Lail, waived his examining trial when his case was called in police court this afternoon. His bondsman, Barry Renaker, his brother, renewed his bond for his appearance before the grand jury next week.

Robert Horton, Renaker's accomplice, appeared in court and, having no attorney, Daniel Durbin was appointed his lawyer. His bondsman, Charles Hutchins, surrendered Horton into court, and Judge Collier fixed his bond at \$200, in default of which he was remanded to jail until Saturday to give the Commonwealth an opportunity to investigate his age. Horton claims to be only 17 years old.

Morton was arrested the day after the burglary on suspicion of being implicated and on Saturday he made a confession before the city attorney and the police, and implicated Renaker, who was arrested. Both gave bond for their appearance today. The amount stolen from the White Restaurant was about \$135.

MISS LLOYD MAKES STATEMENT TO THE EDITOR OF THE PUBLIC LEDGER

Will you kindly grant me space to correct a statement that was made in your issue of Tuesday, August 26, concerning the "suffrage tilt" in the Teachers' Institute?

Mr. Curry expressed the opinion that the Committee on Resolutions should offer a resolution endorsing Woman Suffrage. Supt. Turnipseed said: "To deal with politics would be hurtful to the interests of the Institute."

I said, "Woman Suffrage is not a question of politics but of human justice."

In answer to further remarks by the Superintendent, I asked, the question and pressed for an answer, "Is Woman Suffrage a question of politics or of principle?" Supt. Turnipseed did not reply. I then changed the form of the question and said, "Is not Woman Suffrage a question of principle?"

Supt. Turnipseed replied, "It is a question of right and wrong. I believe in Woman Suffrage and small vote for it." I said, "May not the Teachers' Institute pass a resolution on a question of right and wrong?" The National Education Association endorsed Woman Suffrage; the Kentucky Education Association endorsed Woman Suffrage. Why may not the Mason County Teachers' Institute, with equal propriety, endorse Woman Suffrage?

I was speaking in support of what I understood to be Mr. Curry's proposition, namely, that the Resolutions Committee bring in a resolution endorsing Woman Suffrage. I did not make and I did not understand Mr. Curry to make any reference to local candidates or even to the pending ratification of the Federal Suffrage Amendment.

I think it not unlikely that if a resolution had been brought in it would have endorsed the principle of Woman Suffrage and petitioned the General Assembly to ratify in 1920 the Federal Suffrage Amendment, but I made no reference either to candidates or to the Federal Amendment and I did not understand Mr. Curry to make such reference.

In a democratic body no one has the right to decree the passage of a resolution or to prevent its introduction, and any member may ask that the Resolutions Committee submit a resolution for free discussion and action, to be voted upon by the members of the body.

Free discussion and majority rule are the glories of democracy. Majorities are not always right but so long as free discussion and freedom of action obtain the way is always open for the majority to get right.

According to statements given by Superintendent Caplinger and Superintendent Turnipseed there are 82 women teachers and 18 men teachers in Mason county. There are many questions determined by law and law enforcement that affect teachers directly, and all questions of public concern affect them either directly or indirectly.

Is this body of 100 teachers in Mason County adequately represented by the 18 men teachers?

Public School teachers are required to teach patriotism and Civil Government. How can a person unfit to have the power and exercise the rights of citizenship teach citizens? And when the duties and responsibilities of citizenship are studied and appreciated, how can a body of teachers who deliberately shirk the duties and responsibilities of citizenship consistently teach their pupils that such duties and responsibilities are sacred and should be intelligently and conscientiously met?

Yours for a perfected democracy,
ALICE LLOYD.

RAILROAD STRIKE IS NOW IN HANDS OF WORKINGMEN

Leaders Believe That 90-Day Respite Will Be Granted By the Workers.

Washington, August 29.—The country's industrial situation today was in the hands of the man in overalls.

Two powerful pressures were being brought to bear on him to induce him to maintain at least a 90-day truce.

The first was the letter sent out by the railroad employees' department of the American Federation of Labor urging such a truce while attempts are being made to lower the high cost of living.

The second was the telegram of Walker D. Hines, rail director, showing the government is ready to take extreme measures to prevent leaders having gotten behind the administration program.

Leaders of shopmen, other railroad men and workers of other industries are hopeful, but are not certain that the program will be accepted.

As the Executive Council of the A. F. of L. continued its deliberations today, its efforts were entirely along lines of moderation.

Leaders were relying on the "common sense" feature of the letter of appeal to the shopmen. They believe public sentiment would not support a strike.

Demands of other railway workers still are pending or soon will be presented, and the answer of the shopmen is expected to have an important bearing on these.

It was reported today that partial returns on the referendum which was taken following President Wilson's appeal show 80 per cent. of the voters in favor of going ahead with the strike.

CHILD FALLS FROM BIG AMPHITHEATER

Sillie Gordon, the twelve year old daughter of Mr. and Mrs. Gordon Aubury, of West Second street, fell down the steps at the Germantown Fair amphitheater Thursday and was unconscious for some time. Her injuries are not thought to be serious, however, no bones being broken.

Miss Letitia Parry, who has been the guest of her grandfather, Mr. J. Jas. Wood and other relatives for the past two weeks, leaves Saturday for her home in Pittsburg.

Mrs. Frank Keith and children, of Forest avenue, have returned home after a visit with relatives at Middleboro and Corbin.

BIG SCENES IN JESS WILLARD PICTURE: LABOR DAY SPECIAL

There going to be some real excitement at the Pastime Monday.

Manager Triebel has made it known that he has been successful in securing Jess Willard in "The Challenge of Chance" the biggest and best western picture that has been shown in Maysville in a long time.

A real horse race, the night flight of the residents of Jaurez fearing the bandit Villa's approach, 3,000 people in panic, 300 horses in simultaneous action. Jess Willard in the greatest fight that was ever seen on a screen, a herd of race horses and riding, swimming the Rio Grande, 50 cowboys in pursuit of a speeding train, sensational kidnapping scenes, are a few of the big moments in "The Challenge of Chance."

Seven big reels of sensation. The time—Labor Day—the Pastime. The star—Jess Willard. The play—"Challenge of Chance."
